To whom it may concern.

After my introduction to marijuana my health has improved as has my sleep, and I no longer need medication for sciatica, anxiety ,vertigo and high blood pressure.This herb I make as an infusion or tea as I am a non smoker. I am now a registered medicinal cannabis user, but current laws prevent me from growing this particular herb myself to allay the cost factor. This law is stupid as marijuana has the calming effect whereas alcohol increases aggression .

Yours
