**INQUIRY INTO IMPACT OF THE REGULATORY
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

Name: Ms Frances Lightfoot

Date Received: 10 May 2024

I consider marijuana to be a very soft drug, particularly compared to widely advertised and harmful alcohol which is widely advertised and very harmful drug. Maybe create a law regarding it still is illegal to drive within 24 hours if ingestion. Also different laws regarding possession of the drug. To do with quantity in personal possession. I'm uncertain of laws in other Australian States but in line with other States that has legalised its use for personal or medical use.
