**INQUIRY INTO IMPACT OF THE REGULATORY  
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

In 1978 I submitted my opinion re cannabis...that the law encouraged criminal behaviour from criminals and from police. I was a policeman in 1965 and I resigned in 1966 because of corruption by fellow police. I also objected to cannabis-smoking police arresting pot smokers from society.

Cannabis is a health plant and does not cause illness nor death.

The cannabis laws are antiquated and encourage corruption by police and criminals. That should be enough to unban cannabis.
