**INQUIRY INTO IMPACT OF THE REGULATORY
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

Name: Name suppressed

Date Received: 15 May 2024

Partially
Confidential

CANNABIS HAS LONG BEEN MEDICALLY RECOGNISED AS PROVIDING RELIEF FOR ANY PROBLEMATIC CONDITIONS WHICH CAUSE CHRONIC PAIN AND INSOMNIA WITH LITTLE OR NO SIDE EFFECTS UNLIKE MANY PHARMACEUTICAL PRESCRIPTIVE DRUGS. THE CRIMILIZATION OF THOSE WHO SEEK RELIEF THROUGH THIS METHOD ADDS ENORMOUS ANXIETY TO THOSE ALREADY SUFFERING. CANNABIS IS PARTICULARLY EFFECTIVE IN THE CASE OF CROHNS DISEASE AND IT DEBILITATING SYMPTOMS. LONG TERM USE OF PHARMA MEDICATIONS FOR THE TREATMENT OF THIS DISEASE IS KNOWN TO CAUSE CANCER. PLEASE CONSIDER DECRIMINILZING CANNABIS. MANY COUNTRIES HAVE DONE SO WITHOUT DETRIMENTAL EFFECTS TO SOCIETY.
