We all know that the police are enforcing a law prohibiting the mere microscopic invisible presence of cannabis.

A complete prohibition against cannabis whilst driving.

This process that police actions are not about road safety.

Merely the presence of.

The police force and justice is therefore corrupted.

The right, enlightened, The Christian and moral action to take forward

Is to fully legalise cannabis use recreationally and medicinally.

Regulate the motor vehicle usage by conducting sobriety tests (druid for example).

Stop criminalising people for driving with mere microscopic presence.

Stop unsafe driving with sobriety tests.

Perhaps allow cannabis to be sold in shops. Tax regulate, use the tax income to build hospitals, roads, and help strengthen Australia's economy.

This is an opportunity to actually do the right moral and economic action that will benefit the public, economy, and government incomes.

Free the justice system and police system from having to continue the shame of processing corrupted outdated laws against cannabis
