

**Supplementary  
Submission  
No 294a**

**INQUIRY INTO IMPACT OF THE REGULATORY  
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

**Name:** Mr Jake Standing

**Date Received:** 30 June 2024

---

Both NSW and Queensland governments are making it tougher for the medical Cannabis community by changing legislation and making it so that now there will no longer be substitutes for our brands of medical cannabis medication forcing us to pay out consultation after consultation fee in the hopes our medication will still be in stock why has the government chosen to make life harder and more expensive for the medical cannabis patients . We need to be allowed to grow our own cannabis at home like they do in Australia's capital city'. If we were allowed to grow our own cannabis we would be able to afford to treat our medical conditions please stop making life more difficult for the Australian cannabis community you have put us threw enough yours sincerely Jake Standing an Australian medical cannabis patient
