**INQUIRY INTO IMPACT OF THE REGULATORY
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

Name: Name suppressed

Date Received: 30 June 2024

Partially
Confidential

Hi I've been using medical cannabis for a while now and it has helped me with chronic back pain and osteoarthritis in both wrists and hands as well as having a bad shoulder, I was strong pain killers for over 12 years and because of that i have stomach issues now and I can't take pain tablets because of my stomach, it would be a major benefit if I could grow my own medical . And with being on medical cannabis I've been able to do a lot more through the day without having much pain ,so I hope you take in consideration to make it legal to grow our own medical as it would help a lot with the way things are currently being so expensive to live .
