**Date Received:** 2 July 2024

---

To whom it may concern

I am the founder and Managing Director of Design Clarity Pty Ltd. We are an interior design firm with cross-sector expertise in commercial, residential, retail and hospitality design projects. We work nationally and internationally and have been practicing for 25 years. We design, document and deliver projects for our clients who engage our professional services and value our industry expertise. We work with property developers, landlords, major retail groups, hospitality groups, councils, universities, corporates and more. We offer a tailored strategic approach and generate design guidelines for quality control in retail developments. Our team are tertiary qualified industry professionals. Our project work spans sites across all states and territories of Australia. We comply with the NCC, Australian Standards and local codes. For building approvals we are registered building practitioners in Victoria with mutual recognition status in Tasmania. In NSW we do not currently fit into a registration category although we design projects to be constructed within all types of building developments. If a suitable category was offered we would certainly complete the relevant registration and training prerequisites.
