**INQUIRY INTO PROPOSED ENERGY FROM WASTE
FACILITIES**

Name: Name suppressed

Date Received: 21 October 2025

Partially
Confidential

I am a mother, a partner and a Disability Support Worker within the Parkes Community.

I am totally against the proposed incinerator!!

I care about the health of my family, my community and the people I support.

We do not want this!!!

As a rate payer in Parkes and long term resident we deserve better than this, we deserve a voice and to be heard.

We don't deserve to find out in 10 years or so we have cancer from this, and don't say it won't happen because it is one of the many unknowns!

We didn't sign up to be human Guinea pigs!!! and don't deserve to have to live with the torment of the what ifs.

We feel that we will need to sell up and move as this is so detrimental that we have no choice.

We feel our health is at risk, our mental health at risk and also our property values etc.

This needs to be stopped and now!

We aren't about the money and the rubbish. We're here for the fresh air, the lifestyle and to support our farmers.

Let the rubbish be taken care of a lot closer to the source of where it comes from if it's so safe!!! It's a big No from Us!
