**INQUIRY INTO PROPOSED ENERGY FROM WASTE
FACILITIES**

Name: Name suppressed

Date Received: 31 October 2025

Partially
Confidential

To the Parliamentary Inquiry

My name is _____ and I am 7 years old. I live in Parkes, NSW. I have lived here all my life, I love living in Parkes.

I do not want Parkes to get an energy from waste incinerator in my town so please don't bring it here! I don't want a waste incinerator here because I think it will be bad for our lungs and might end up killing us, this scares me!

The rubbish is Sydney's rubbish so it should stay there because it's not our rubbish.

I don't know much about the incinerator so instead I am going to tell you all the things I love about living in Parkes and how if the incinerator comes here, it will ruin all these things.

I love being able to;

Play sport like touch football and league tag.

Play at the park, especially going on the flying fox.

go to the local pool and go swimming with my friends.

go to school and learn lots of things, especially about ways we can care for our environment and recycle things.

Go for push bike rides with my family, I get to ride around and see wallabies bouncing around, cows grazing in the paddocks and horses galloping around.

If you bring an incinerator here, we won't be healthy and the air will be too toxic for me to get to play outside and enjoy all the things I love about living in Parkes.

Please, please keep the incinerator at Sydney because it's THEIR rubbish.

From
