Key assumptions made in the policy	
Does the policy relate to a previous announcement? If yes, which announcement?	Yes: announced by Chris Minns on 22 February as NSW LABOR: BRINGING BACK LOST MUSIC VENUES & \$103M FOR CONTEMPORARY MUSIC
What assumptions have been made in deriving the financial impacts in your estimated costing? (See checklist)

Are there associated savings, offsets or, in the case of a revenue proposal, offsetting expenses? If yes, please provide details.	

¹ Amounts should be expressed in nominal dollars. GGS - General Government Sector.

² Please provide information on other years if spending occurs outside the forward estimate years and will be required to cost the policy or will assist in public understanding of the policy.

³ Negative for a saving that reduces expenditure

⁴ Negative for a reduction in capital expenditure.

⁵ Only required if proposal is outside GGS. Negative for a reduction in net financial liabilities.

Assumptions could include, but are not limited to, questions such as:

- What is the expected community impact?
- How many people will be affected by the policy?
- What is the likely take up or other behavioural response you expect?
- Is there a cap on total spending proposed, a funding formula, resource agreement or other mechanism of this nature associated with the policy?
- Will third parties have a role in funding or delivering the policy (e.g. Commonwealth Government)?
- Will funding/program cost require indexation?
 - If yes, do you have any assumptions about the index that should be applied?
- What assumptions have you made about costs of administering the policy?
- Will additional staff be needed in the agency responsible for the policy?
 - How many and at what approximate levels?
- Are there other resources required?
- Are you assuming administrative costs will be absorbed within the agency?

Please note that:

- The costing will be on the basis of information provided in this costing request.
- The PBO is not bound to accept the assumptions provided by the requester. If there is a material difference in the assumptions used by the PBO, the PBO will consult with the requester in advance of the costing being completed.
- Where the details of the policy costing request differ from the announced policy, the costing will be on the basis of the information provided in the costing request.
- These guidelines are intended to facilitate requests for costing election policies. Persons preparing such requests who wish further assistance are invited to contact the staff of the Parliamentary Budget Office.

⁸ There is a range of possible delivery models, e.g. built, owned and operated by a NSW government agency; built and transferred to a private operator; privately built for public operation; privately built and operated with government assuming risk or providing a guarantee in relation to future income (often applicable to public/private partnership arrangements), and so on. The policy should provide assumptions about the proposed delivery model.
