Impact on GGS capital expenditure ⁴						
If different from above, impact on total State Sector net financial liabilities ⁵						

Note: Has the policy been costed by a third party?

If yes, can you provide a copy of this costing and its assumptions?

¹ Amounts should be expressed in nominal dollars. GGS - General Government Sector.

² Please provide information on other years if spending occurs outside the forward estimate years and will be required to cost the policy or will assist in public understanding of the policy.

³ Negative for a saving that reduces expenditure

⁴ Negative for a reduction in capital expenditure.

⁵ Only required if proposal is outside GGS. Negative for a reduction in net financial liabilities.

Key assumptions made in the policy				
Does the policy relate to a previous announcement? If yes, which announcement?	No			
What assumptions have been made in deriving the financial impacts in your estimated costing? (See checklist)	See appendix for breakdown of sport spending			
Is there a range for the costing or any sensitivity analysis that you have undertaken?	No.			
Are there associated savings, offsets or, in the case of a revenue proposal, offsetting expenses? If yes, please provide details.	Yes, see costing C949.			

Administration of policy			
Intended date of implementation:	Upon formation of government.		
Intended duration of policy:	Ongoing.		
Who will administer the policy (e.g. Government entity, non-government organisation, etc.)?	Office of Sport		
Are there any specific administrative arrangements for the policy that need to be taken into account (e.g. agreements between different levels of government)?	No.		
Are there transitional arrangements associated with policy implementation?			

If the policy is mainly an expenditure ⁶ commitment			
Demand driven or a capped amount:	Capped		
Eligibility criteria or thresholds:	n/a		

If the policy is mainly a revenue commitment

 Are you assuming administrative costs will be 	absorbed within the agency?	
Please note that:		

The costing will be on the basis of information provided in this costing request.

⁷ Capital costs differ from expenditure in that only depreciation will be included in the impact on operating balance. The capital cost of the asset to be acquired will however be included in the net financial liabilities statement.

⁸ There is a range of possible delivery models, e.g. built, owned and operated by a NSW government agency; built and transferred to a private operator; privately built for public operation; privately built and operated with government assuming risk or providing a guarantee in relation to future income (often applicable to public/private partnership arrangements), and so on. The policy should provide assumptions about the proposed delivery model.

- The PBO is not bound to accept the assumptions provided by the requester. If there is a material difference in the assumptions used by the PBO, the PBO will consult with the requester in advance of the costing being completed.
- Where the details of the policy costing request differ from the announced policy, the costing will be on the basis of the information provided in the costing request.
- These guidelines are intended to facilitate requests for costing election policies. Persons preparing such requests who wish further assistance are invited to contact the staff of the Parliamentary Budget Office.
