- What assumptions have you made about costs of administering the policy?
- Will additional staff be needed in the agency responsible for the policy?
 - How many and at what approximate levels?
- Are there other resources required?
- Are you assuming administrative costs will be absorbed within the agency?

Please note that:

- The costing will be on the basis of information provided in this costing request.

- These guidelines are intended to facilitate requests for costing election policies. Persons preparing such requests who wish further assistance are invited to contact the staff of the Parliamentary Budget Office.

⁸ There is a range of possible delivery models, e.g. built, owned and operated by a NSW government agency; built and transferred to a private operator; privately built for public operation; privately built and operated with government assuming risk or providing a guarantee in relation to future income (often applicable to public/private partnership arrangements), and so on. The policy should provide assumptions about the proposed delivery model.
