Details of request	
Party:	Australian Labor Party (NSW Branch)
Name of Policy:	Business Cases
Date of request:	28 February 2023

Description of policy	
Summary of policy (please attach copies of relevant policy documents and include information on what the policy aims to achieve):	<p>NSW Labor will commit funding capped at \$40m towards a final business case, to extend the Sydney Metro – Western Sydney Airport Line from St Mary's to Tallawong via Marsden Park and Schofields.</p> <p>NSW Labor will also commit funding capped at \$60m towards a final business case, to extend the Sydney Metro–Western Sydney Airport Line from Bradfield to Macarthur via Oran Park and Narellan.</p> <p>In both cases the final business case will provide the detailed design, economic assessment and cost estimation to inform an investment decision for the construction of the extension.</p> <p>In both cases an extension of the Metro or an equivalent heavy rail connection will be considered, where appropriate or required.</p>
Has the policy been publicly released yet?	No

Your estimated costing of the policy ¹						
	2022/23 \$'000	2023/24 \$'000	2024/25 \$'000	2025/26 \$'000	2026/27 and later years ² \$'000	Total \$'000
Impact on General Government Sector (GGS) net operating result ³						
Impact on GGS capital expenditure ⁴						
If different from above, impact on total State Sector net financial liabilities ⁵						

Note: Has the policy been costed by a third party?
If yes, can you provide a copy of this costing and its assumptions?

Key assumptions made in the policy	
Does the policy relate to a previous announcement? If yes, which announcement?	Yes
What assumptions have been made in deriving the financial impacts in your estimated costing? <i>(See checklist)</i>	<p>Funding would come Restart NSW.</p> <p>Please outline the profile of any expected costs beyond the forward estimates as well as savings if anything currently in the planning phase is cancelled.</p> <p>Please outline any reservation funds that have been assigned to this project.</p> <p>Where possible please indicate any matching funding and its quantum, as offered by the Commonwealth government.</p>

¹ Amounts should be expressed in nominal dollars. GGS - General Government Sector.

² Please provide information on other years if spending occurs outside the forward estimate years and will be required to cost the policy or will assist in public understanding of the policy.

³ Negative for a saving that reduces expenditure

⁴ Negative for a reduction in capital expenditure.

⁵ Only required if proposal is outside GGS. Negative for a reduction in net financial liabilities.

	All additional costs should be met using existing resources.
Is there a range for the costing or any sensitivity analysis that you have undertaken?	If the Commonwealth were to enter into partnership with the NSW Government, then the funding contribution would be split evenly with the Commonwealth.
Are there associated savings, offsets or, in the case of a revenue proposal, offsetting expenses? If yes, please provide details.	Funding would come Restart NSW.

Administration of policy	
Intended date of implementation:	Upon formation of government.
Intended duration of policy:	Until completion of the project.
Who will administer the policy (e.g. Government entity, non-government organisation, etc.)?	Infrastructure NSW and Transport for NSW
Are there any specific administrative arrangements for the policy that need to be taken into account (e.g. agreements between different levels of government)?	Please review the funding arrangement between NSW and Federal governments for the business case to extend the Sydney Metro–Western Sydney Airport Line from the Western Sydney Aerotropolis to Glenfield, via Leppington (if applicable).
Are there transitional arrangements associated with policy implementation?	Please detail the value of existing contracts.

Checklist for key assumptions (please be comprehensive and include all relevant assumptions). Assumptions could include, but are not limited to, questions such as:

- What is the expected community impact?
- How many people will be affected by the policy?
- What is the likely take up or other behavioural response you expect?
- Is there a cap on total spending proposed, a funding formula, resource agreement or other mechanism of this nature associated with the policy?
- Will third parties have a role in funding or delivering the policy (e.g. Commonwealth Government)?
- Will funding/program cost require indexation?
 - If yes, do you have any assumptions about the index that should be applied?
- What assumptions have you made about costs of administering the policy?
- Will additional staff be needed in the agency responsible for the policy?

⁷ Capital costs differ from expenditure in that only depreciation will be included in the impact on operating balance. The capital cost of the asset to be acquired will however be included in the net financial liabilities statement.

⁸ There is a range of possible delivery models, e.g. built, owned and operated by a NSW government agency; built and transferred to a private operator; privately built for public operation; privately built and operated with government assuming risk or providing a guarantee in relation to future income (often applicable to public/private partnership arrangements), and so on. The policy should provide assumptions about the proposed delivery model.

- How many and at what approximate levels?
- Are there other resources required?
- Are you assuming administrative costs will be absorbed within the agency?

Please note that:

- The costing will be on the basis of information provided in this costing request.
- The PBO is not bound to accept the assumptions provided by the requester. If there is a material difference in the assumptions used by the PBO, the PBO will consult with the requester in advance of the costing being completed.
- Where the details of the policy costing request differ from the announced policy, the costing will be on the basis of the information provided in the costing request.
- These guidelines are intended to facilitate requests for costing election policies. Persons preparing such requests who wish further assistance are invited to contact the staff of the Parliamentary Budget Office.
