# MEDIA RELEASE

## Budget Impact Statements and Election Policy Costings Released

### FOR IMMEDIATE RELEASE

The Parliamentary Budget Officer has today released Budget Impact Statements showing the financial impact of Coalition and the ALP election promises.

The Statements show the impact on key budget and forward estimates numbers including the operating balance (the budget result) and net lending. They show total costs of proposed policies for expenses, revenues, and capital spending.

Parliamentary Budget Officer Professor Stephen Bartos said

“Under the Parliamentary Budget Officer Act the Premier and the Leader of the Opposition must submit all their proposals to the PBO to cost. Publishing the costs of all the promises before the election helps improve both transparency and accountability in NSW.”

The Statements and costings for the individual policies can be found on the PBO [website](#).

**For queries on the Budget Impact Statements or the costings please contact the PBO:**
