Revisions to Budget Impact Statement for the ALP

The Parliamentary Budget Office has made the following corrections to the Budget Impact Statements published yesterday

- 1) Page 10, under the heading “Capital Expenditure” in the first sentence “decrease” has been corrected to “increase”. The table that follows shows an increase in capital expenditure, and is unchanged.
- 2) The table in the Budget Impact Statement for policy B416, “Building More Schools in NSW” had a total inconsistent with the costing. This was due to an early version of the costing being included in the list of costings. It has been replaced with the latest version.

The updated ALP Budget Statement can be found [here](#).
