**PRIVILEGE [PERSONAL INFORMATION] SUBMISSIONS FOR RETURN TO ORDER:
Early Childhood Education and Care Sector**

This submission has been prepared in support of the claims for personal information made, pursuant to Standing Order 52(7), by the Department of Education (the Department) over documents responsive to the Order of the Legislative Council of 13 November 2024. They should be read in conjunction with the details of the documents specified in relevant indexes.

For the reasons outlined in these submissions, the documents listed in the relevant indexes:

- each contain personal information, and
- it is not in the public interest to publish them.

Due to the volume of documents and the desire to produce as soon as possible, the department has claimed privilege over the documents in their entirety, rather than applying redactions to relevant sections.

However, the department intends to make those individual redactions in the next two weeks and resubmit a non-privileged copy of the privileged documents in this return.

Dispute of privilege claims

In the event a member disputes any claim made in these submissions (per standing order 52(8)), the department is available to participate in discussions with the member regarding the scope of the dispute.

Per standing order 52(9), a disputed document or documents may be released to the Independent Legal Arbiter (**Arbiter**) for evaluation and report. The House may choose to publish documents following the Arbiter's advice as to the validity of the claim. Accordingly, the department requests the opportunity to provide additional submissions in support of any claims that are referred to the Arbiter. This would afford the department procedural fairness and reflects the fact that department may be able to provide additional material tailored to points raised by a member in dispute. Additional information provided by the department in this context may in turn inform the House's consideration of the possible publication of papers subject to dispute.

Claims pursuant to standing order 52(7) – Personal information

Standing order 52(7) applies in circumstances where a document “is subject to a claim that it contains personal information that **should not be made public** but is not otherwise subject to a claim of privilege”. Standing Order 52(7) avoids the need to determine whether a claim that a document containing personal information should not be made public would also support a claim of “privilege”.

The expression “is not *otherwise* subject to a claim of privilege” is taken to mean that the document is not subject to a claim of privilege for reasons unconnected with the disclosure of the personal information.

In relation to documents listed in the privileged index, a claim of personal information is made in accordance with standing order 52(7).

Each document in this category contains documents which, if disclosed, would involve the disclosure of personal information of children and a small number of adult individuals. Personal information subject to this category includes, but is not limited to individual:

- a) names;
- b) dates of birth;
- c) identifying information that if disclosed would put a child or individual at risk of harm (for example their home address, if not associated with a family day care service business address or their personal email address).

The department submits that:

- a) it is not in the best interests of the children, or in the public interest, to disclose the names and dates of birth of children, and by extension, their parents’ names as this would also identify the children;
- b) it is not in the public interest to disclose personal addresses or email addresses of individuals employed by ECEC services;
- c) it is not in the public interest to disclose the name of an individual connected with an ECEC service where to do so would reasonably create a risk of harm for that person.

The department has made a claim for privilege on the basis of privacy in respect of a number of documents where the disclosure of these documents would result in the disclosure of personal information.

There are also a small number of documents that refer to a third party individual who is not an employee of the department or an ECEC service. The department submits that this information is their personal information and it is not in the public interest to disclose these details. To reveal anything further relating to this would reveal the information itself.

The personal information is not publicly available and was received in circumstances where there was no expectation of publication. The publication of such information is not in the public interest. Furthermore, such information would ordinarily be protected from public disclosure pursuant to the *Government Information (Public Access) Act 2009*, *Freedom Of Information Act 1982* or the *Privacy and Personal Information Act 1998*. If any member, after reviewing the redacted documents, considers pressing for certain personal information to be published in unredacted form, the department would intend to provide the affected individuals with an opportunity to comment.
