Mr David Blunt
Clerk of the Parliaments
Legislative Council
Parliament House
Macquarie Street
SYDNEY NSW 2000

29 JAN 2014

Dear Mr Blunt

Order for Papers – Mr Matthew Daniel

I refer to the resolution of the Legislative Council under Standing Order 52 made on 31 October 2013 as amended on 13 November 2013 and 19 November 2013 concerning Mr Matthew Daniel.

On 21 November 2013, the Department delivered to you documents referred to in that resolution obtained from the Department of Planning and Infrastructure. My letter noted that the Department of Planning and Infrastructure advised, based on advice from its service provider, ServiceFirst, that it would take a further 2-3 weeks to provide all sent, received and deleted emails from backup tapes.

On 18 December 2013, I wrote to you noting that the Department of Planning and Infrastructure had advised that the process of restoring backup tapes was taking longer than previously expected but that the Department would produce the outstanding documents as soon as they were available, which was anticipated to be by late January 2014.

I am now delivering to you further documents referred to in that resolution obtained from the Department of Planning and Infrastructure.

The Director General, Department of Planning and Infrastructure has provided a certification letter indicating that, to the best of his knowledge, the additional documents provided are all the remaining documents held by the Department of Planning and Infrastructure and covered by the terms of the resolution. The Department's correspondence is enclosed at **Annexure A**.

Enclosed at **Annexure B** is an index of all non-privileged documents that have been provided in response to the resolution.

In accordance with Item 5(a) of Standing Order 52, those documents for which a claim for privilege has been made have been separately indexed and the case for privilege has been noted. Enclosed at **Annexure C** are indexes of all privileged documents and submissions in support of the case for privilege.

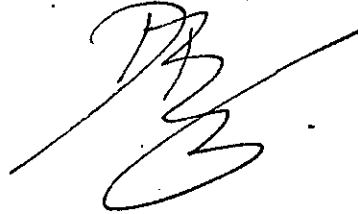

I note that submissions in support of a claim of privilege may sometimes reveal information that is privileged. To the extent that they do, such submissions should be considered to be subject to the same confidentiality as the documents over which the privilege claim is made.

Should you require any clarification or further assistance, please contact Ms Karen Smith, Deputy General Counsel, on telephone (02) 9228 5543.

Yours sincerely

Chris Eccles
Director General

*Two boxes of privileged documents
& 19 boxes of non-privileged documents
received at 1.45pm on Thursday
30 January 2014.*

14/02036

Dear Ms Smith,

I write in regards to the two letters to you from the Acting Director-General, Mr Richard Pearson, dated 21 November 2013 regarding the Legislative Council resolution under Standing Order 52 in relation to Mr Matthew Daniel (Resolution).

Since writing to you in November, the Department of Planning and Infrastructure (Department) has continued to liaise with our service provider, ServiceFirst, to recover and restore all of the remaining documents required to be produced by the Resolution.

The Department is now able to provide all remaining documents required to be produced and the matter is now complete.

Copies of these documents are enclosed. Also enclosed is a consolidated index of items prepared under items (a), (c) and (d) of the Resolution.

Legal professional privilege, common interest privilege and privilege on the grounds of public interest immunity is claimed over several of the additional documents being provided. These documents are marked accordingly on a separate index of items and as indicated on each box. Copies of the privilege claims are also enclosed.

I certify to the best of my knowledge that the additional documents provided are all the remaining documents held by the Department and covered by the terms of the Resolution.

Please contact me if you would like to discuss the matter further.

Yours sincerely,

Sam Haddad

Director-General

Department of Planning and Infrastructure

**SUBMISSION IN SUPPORT OF CLAIM FOR CONFIDENTIALITY AND PRIVILEGE BY THE
DEPARTMENT OF PLANNING AND INFRASTRUCTURE**

Claim for public interest immunity

It is submitted that those documents indexed in the Department of Planning and Infrastructure Return as 'personal' are privileged and should not be made public on the grounds of public interest immunity. The harm that the disclosure of those documents would cause to members of the public far outweighs the need for such material to be made public, in that:

- disclosure would release the identities and other personal information of a number of individuals who had dealings with Matthew Daniel in relation to matters which bear no connection with the rationale that the production of documents is reasonably necessary for the Legislative Council to fulfil its legislative and scrutiny roles.
- it is in the public interest to uphold the privacy of individuals, including their health status, employment history, academic qualifications, wage or salary, leave history and personal relationships including family connections (claim for privilege on the grounds of privacy).

**SUBMISSION IN SUPPORT OF CLAIM FOR CONFIDENTIALITY AND PRIVILEGE BY THE
DEPARTMENT OF PLANNING AND INFRASTRUCTURE**

Claim for legal professional privilege

It is submitted that those documents indexed in the Department of Planning and Infrastructure Return as 'legal' are privileged and should not be made public on one or more of the available grounds of privilege pursuant to both common law doctrines and the statutory regime, in that:

- they are confidential communications or documents between officers of the Department and its legal advisors for the purpose of:
 - (a) enabling officers of the Department to obtain, or its legal advisors to give, legal advice; or
 - (b) for use in actual litigation or litigation reasonably contemplated by the Department and in respect of which privilege has not been waived (legal professional privilege).
- they are confidential communications or documents between officers of the Department and/or its legal advisors and parties with whom the Department shares or shared a common interest in relation to the subject matter of the advice received by one of them (common interest privilege).
