

PETITION FOR AN ASSEMBLY HALL AT JANNALI EAST PUBLIC SCHOOL

To the Honourable Speaker and Members of the Legislative Assembly of New South Wales

This Petition of the community of Jannali, and the Parents and Citizens of Jannali East Public School ('the School'), in the electorate of Miranda, New South Wales, brings to the attention of the House, the following:

- the School continues to experience significant growth in enrolments (over 205% since 2004);
- the School's existing 'hall' (comprising two adjoining rooms) has long ceased to be adequate for a growing school of its size (such that, for example, whole school assemblies and those attended by parents, grandparents, etc must be held, weather permitting, outside under a COLA); and
- the construction of a new assembly hall would allow activities and other events to be organised for the benefit of the School and the local community, providing the School and community groups with a much-needed, all-weather facility, sufficient to accommodate the 360 students (and the ongoing increase in enrolments) at the School.

The undersigned petitioners therefore ask the Legislative Assembly to support, as a matter of priority, the construction of an assembly hall at Jannali East Public School through the allocation of funds:
