Helen Minnis
Clerk of the Legislative Assembly

PETITION

Received 13/11/18 at 11.50am Minister Constance
MP for Holsworthy
① of ②

To the Honourable the Speaker and Members of the Legislative Assembly of New South Wales in Parliament assembled.

The Petition of the residents of South Western Sydney in and around the Suburbs of Liverpool, Campbelltown and Camden – Within and around the State electorates of Holsworthy, Liverpool, Macquarie Fields, Campbelltown, Camden and Mulgoa

Brings to the attention of the House the Urgent need for Multi-Level Car Parking facilities and a better Bus service at Edmondson Park and Leppington Train Stations and the Car Parking Stress experienced at other Train Stations along the Macarthur Line including Holsworthy, Glenfield and through to Campbelltown Station to cope with the current and future demand of Commuters in the Area.

The petition also highlights the enormous increase in population that is occurring now and is projected to occur in the future within the South West Sector which indicates the necessity for additional Car Parking Spaces at Train Stations that cannot cope with current demand.

The undersigned petitioners therefore ask the Legislative Assembly to authorise the Construction of Multi Level Car Parks at Edmondson Park and Leppington Train Stations, a temporary Car Park at Leppington on Government Owned Land at Leppington Station and a complete review of Car Parking availability on the Macarthur line as a matter of urgency in order to accommodate for the current demand for commuter parking and to provide for future demand as the population continues to increase. This will allow the ever increasing number of commuters to use public transport (the trains) safely and securely.
