The Petition of the residents of the City of Orange and Region brings to the attention of the House:

**Better Rail Services for Orange and the Central West Region**

In order to improve rail transport to and from Sydney, and to facilitate the continued development of the City of Orange and the Central West Region, we request support and funding for;

- An early morning express passenger train direct from Orange to Sydney Central and its return in the same afternoon.
- Rail infrastructure upgrades of the Main Western Line to support fast passenger rail and freight rail services.
- Early commissioning of the new Regional Rail Fleet on the Main Western Line.

The undersigned petitioners therefore ask the Legislative Assembly to support and fund better public rail transport and decentralisation to Orange and the Central West Region.
