NSW PARLIAMENT FAÇADE INTERPRETATION ARTWORK

EXPRESSION OF INTEREST

ACKNOWLEDGEMENT OF COUNTRY

The Parliament of NSW stands on the traditional lands of the Gadigal people. We pay our respects to their Elders past and present. We proudly acknowledge all the Aboriginal peoples of New South Wales and honour their enduring connection to the lands, waters and sky of the State.

The representatives of the people of New South Wales gather from various Aboriginal lands across the State to meet in this Parliament. May the decisions made within these walls reflect our commitment to fostering a spirit of reconciliation and respect

The Parliament of NSW - being Australia's first and oldest parliament - is also a site of great heritage significance. Its complex of buildings includes the oldest surviving building in the Sydney CBD.

The Communications, Engagement and Education (CEE) branch is committed to welcoming visitors and increasing people's engagement with the Parliament.

THE OPPORTUNITY

EXPRESSION OF INTEREST

THE OPPORTUNITY

The Communications, Engagement and Education branch of the Department of Parliamentary Services at the Parliament of NSW will commission a series of artists to create an interpretation of the façade. The parliament house facade is central to our identity as Australia's oldest parliament and the design is celebrated in corporate imagery from annual reports to Christmas cards and externally through our event promotion, public tours and school programs.

We are seeking expressions of interest from artists with strong connections to New South Wales. Aboriginal, LGBTQIA+ and/or rural, regional, and remote artists, as well as emerging artists, are strongly encouraged to apply.

THE OPPORTUNITY

Artists will be tasked with creating digital concepts that explore and highlight themes such as history, modernity, inclusivity, resilience, providing a lens through where their unique perspective of the Parliament of NSW can be explored.

The artists' designs will be shared with the public and adapted for various mediums, including but not limited to:

- online, social media, print collateral, murals, 3D models for utilisation in children's craft activities, light installations, gift shop merchandise, and digital displays.
