

# Angela Iliadis - Artist Statement

Angela Iliadis is an award-winning artist and an educator living in Sydney, Australia. Her works can be found in Australia and overseas. Angela has a Master of Education and a Master of Art and she works across a range of media and a variety of approaches, working predominantly in painting and drawing but also venturing into digital photo art and collage.

Her works seek to use lines, colour and other elements of art and principals of design to create artworks that evoke feelings. She is inspired by nature, colour, lines and the creative process.

Her background and continued work in art education informs much of her expanded practice, focusing on teaching as a form of socially engaged art. She is interested in the relationship between approaches to teaching and approaches to making.

## **In Search of Imagination: Constructing a Praxis of Creative Effort**

"I create art because I believe that art is part of who we are. We need art because it makes us complete human beings. Art is healing and we need art to keep us healthy. Art is communication and we need art to have a full range of expression. Art is a shared experience, it keeps us connected and offers a reason to come together and share in an experience."
