PARLIAMENT UNPACKED: THE WATCHDOGS

The next event in the Parliament Unpacked series gives you an opportunity to hear from the ‘democracy watchdogs’ and the important role they play in our system of government in NSW. Join us on May 7 in person at NSW Parliament House or online from anywhere in NSW.

Our panel of experts will discuss the important role their organisations play as ‘watchdogs’ in our democratic system. Hear from the Chair of the Parliamentary Committee on the Independent Commission Against Corruption, the NSW Ombudsman, the Auditor-General of New South Wales, and the Deputy Leader of the NSW Opposition in the Legislative Assembly.

The Hon. Greg Piper MP, Speaker of the NSW Legislative Assembly, encouraged the people of NSW to get a better understanding of the ‘watchdogs’ who support our democracy.

"Most community members know that Parliament makes laws and represents the people, but it's equally important for everyone to understand how we keep the government accountable," Mr Piper said

"This event gives you a chance to learn more about how that's done, and provides opportunities for everyone to hear from these important public institutions and Members of Parliament about how they do their part."

Whether you join us in person or online, you'll get a glimpse into how our democracy functions and how it serves you, no matter where you are in NSW.

For more information and to secure free tickets, please visit the [Parliament of NSW Education website](#).

Can't make it? Join one of our free public tours, running every Monday and Friday 1.30pm. For more information on tours, or to book, visit the [Parliament of NSW website](#).
