CHAIRMAN OF COMMITTEES (THE HON. E. H. FARRAR), RULINGS AND OPINIONS OF:

Police Regulation (Amendment) Bill:

An amendment is out of order which involves a question that has already been decided by the Committee, 4535.

The Committee being equally divided upon a proposed amendment, the Chairman, following the usual practice, voted so as to leave the subject matter open. The bill having been referred back to the Committee for further consideration of the clause in question, the amendment previously proposed can again be considered by the Committee, 4541.

Charitable Collections Bill:

A mere modification of a provision which makes an exception of a general restriction does not constitute a reversal of the principle of a bill, 4975.

An amendment which seeks to confer a certain power upon a public body not mentioned in the bill is not relevant and is beyond the scope of the bill, 4980.

Metropolitan Water, Sewerage and Drainage (Amendment) Bill:

An amendment which seeks to amend the Principal Act in a manner not contemplated or amended by any clause in the bill is not in order, 5482.
