A member had exhausted his time for speaking, 657, 719, 919, 1197, 1790, 4089, 4421, 4461, 4659, 4663.

Interjections, Interruptions and Disorder: Interjections are disorderly, 499, 1077.

The following members were called to order: Dr Metherell, 4658; Mr Singleton, 3915; Mr Smith, 2668.

Legislative Assembly: The Chair congratulated a Minister on the introduction of his first bill, 4875.

Motion: A motion lapsed, 4664.

Offensive and Objectionable Remarks, Imputations and Aspersions: A member may not ask for the withdrawal of a remark not directed specifically at him, 4050.

The following expressions were required to be withdrawn: "The honourable member is a hypocrite and he knows he is a hypocrite", 3127; "Perhaps (the member) could get somebody to write his speech as they did for (another member)", 4082; "He who associates with and supports criminals is one himself", 4837.

Points of Order: Points of order upheld, or upheld in part: 503, 718, 2504, 2860, 2865, 3678.

Points of order disallowed: 1080, 2860.

Points of order not involved: 502, 2862, 3677, 4049, 4077, 4081, 4082.

Procedure: A member must address the Chair, 3336.

Relevance: Remarks must be relevant to the question before the Chair, 631, 1037, 2503, 2504, 2666, 2858, 2862, 2863, 2864, 2865, 2866, 2868, 4047, 4283, 4285.

If a bill is germane to the administration of a department a member is in order in referring to other legislation applying to that department, 4083.

Assembly, Legislative: Rulings, Observations and Opinions of Chair (continued):**DEPUTY-SPEAKER (B. C. WILDE, ESQ.) (continued):**

Select Committees: A member may discuss evidence given to a select committee if the committee has not made an order prohibiting disclosure of that evidence, but the member should consider whether he might refrain from doing so, 479.

Sub judice Rule: A matter that is the subject of a coronial inquiry is *sub judice*, and a member may not discuss it, 503.

SPEAKER (THE HON. LAWRENCE BORTHWICK KELLY):

Adjournment: A member may raise a matter other than that originally raised in the adjournment debate, 3526.

Until the Address-in-Reply debate is concluded, debate on a motion for the adjournment of the House is restricted to matters that might need urgent attention, 377.

Adjournment (S.O. 49): A motion will be ruled out of order if the matter to be dealt with is regional and not one of statewide importance, 1766.

Standing Order 49 makes no provision for an extension of time, 2136.

Address in Reply: Debate on the Address-in-Reply motion is wide-ranging and a member should find it possible to raise almost any matter, 217, 564; but a member's remarks must be relevant to matters contained in the Governor's Speech, or to matters that might have been included in it, 230, 231.

An amendment to the Address-in-Reply motion will be ruled out of order if it deals with a matter that had not been mentioned in the Governor's Speech and could not rightly have been mentioned, 229.

Though the debate is wide-ranging a member who wishes to criticize another member or debate material irrelevant to the Address in Reply, must do so by way of a separate substantive motion, 227.

Chair: A member may not reflect on the Chair, 116, 227, 568, 649, 733.

A member should not persist in wilfully disregarding the authority of the Chair, 231.

The prerogative of giving the call rests with the Chair, 1309.

Debate (see also Procedure): A member should use the opportunity of debate to put forward his arguments, 3079, 3243.

Members should base their remarks on fact. The Chair must assume that a member's remarks are based on information available to that member. If a member makes an incorrect statement, succeeding speakers in the debate have an opportunity to challenge it, 467, 1029.

Volumes 175-178

Assembly, Legislative: Rulings, Observations and Opinions of Chair (*continued*):

SPEAKER (THE HON. LAWRENCE BORTHWICK KELLY) (*continued*):

In reply a member may canvass some of the matters he raised earlier, 4717; but in the main his remarks should relate to argument advanced by other members, 125, 373, 923.

The Chair could not give the call to the Leader of the Opposition to reply to an urgency motion because the Opposition Whip had called for a division before the Chair was able to do so, 315.

The right to move for the adjournment of a debate is vested in the member who moved the motion, 1029.

When leave is given for the third reading of a bill forthwith a member may not speak to the motion, 3341.

A member had exhausted his time for speaking, 173, 366, 669, 671, 747, 894, 917, 928, 1193, 1249, 1499, 2136, 2159, 3250, 3343, 4603, 4715, 4766.

Distinguished Visitors: The Grant of Grant, Lord Strathspey, Rt Hon. Andrew MacThomas of Finegand, the Earl of Dunmore, Ian Nicholson of Scorrybreac, the Rt Hon. Lord Forres and other Scottish Chieftains, 3886.

Divisions: The standing orders apply during divisions, 439, 1024.

If the Opposition Whip calls for a division, the Chair will cause the division bells to be rung, 313.

The seats in the Chamber had been rearranged to divide clearly the Government from the Opposition, 1110.

Documents: A member may quote from a document or newspaper, 2964; provided he identifies it, 2823, 4712; and vouches for its accuracy, 1022. He may make compositions from such a document, 4712; but may not make the composition his by interpolating words of his own, 330, 354; or use it as the basis for his whole argument, 331. It is repugnant to the spirit of debate to read at length, 332, 1023, 2964; and a member must use his own language and deliver his speech as a bona fide unwritten composition, 329, 332, 353, 1033, 4954.

The Chair had been advised that it was illegal even in the Parliament to quote from a transcript made from the tape recording of a tapped telephone conversation and a member was directed to cease quoting from such a transcript, 4842.

The Leader of a party may not table a report, 330; and it is not competent for a private member to table papers, 1877.

Assembly, Legislative: Rulings, Observations and Opinions of Chair (*continued*):

SPEAKER (THE HON. LAWRENCE BORTHWICK KELLY) (*continued*):

A Minister who summarizes a letter but does not quote from it is not bound to table it; and confidential or private documents passing between officers of departments, cited in debate, do not have to be tabled, 4923.

Governor's Speech: Incorporation in *Votes and Proceedings*, 139.

Hansard: To enable Hansard to record the debates, members leaving the Chamber should do so quietly, 3642.

Interjections, Interruptions and Disorder: Interjections are disorderly, 1023, 1028, 1245, 2120, 3836, 3880, 3921, 3922; and a member should be heard in silence, 356, 1029, 1114, 2455, 2492, 3234, 3244, 3710, 4717, 4829, 4861, 4944.

Members were directed to allow a Minister to answer a question, 210, 2120, 2272, 3064, 3436.

Members should not interject but should seek the call if they wish to participate in the debate, 351, 2520, 2919; and members who continually interject will be removed from the Chamber, 1024, 1097.

Members should note the remarks of other speakers in the debate and reply to them at the appropriate time, 2665, 2824, 4834.

If members wish to ask questions they should seek the call, 761.

Members should not converse aloud or make any noise or disturbance during debate, 2460, 2469.

Members should reduce the level of audible conversation, 1587, 1761, 2003, 3062, 3081, 3633, 3731, 4324; and members wishing to engage in conversation should do so outside the Chamber, 376, 4931, 4970; for members who converse so loudly that the Chair can hear them will be removed from the Chamber, 1875.

If, because of the lateness of the hour, the application of Standing Order 392 would have little punitive effect, Standing Order 387 might be applied, 3344, 3926.

In view of the apology made by a member the Chair asked the Minister to withdraw the motion that the member be suspended from the service of the House, 766.

A member was warned that if he persisted in being disorderly he would be named and suspended from the House for two days, 4924.

As a member had been called to order on at least three occasions, he was removed from the Chamber, 765.

16th August, 1983, to 1st March, 1984

Assembly, Legislative: Rulings, Observations and Opinions of Chair (continued):**SPEAKER (THE HON. LAWRENCE BORTHWICK KELLY) (continued):**

The following members were called to order by name: Mr Akister, 3242, 3731, 4016, 4840; Mr Anderson, 3432; Mr Arblaster, 1757, 2459, 2464; Mr Brading, 3081; Mr Brewer, 1592; Mr J. H. Brown, 885, 2265, 2271, 4812, 4870; Mr Cameron, 126, 342, 439, 1028, 1031, 1133, 1309, 1592, 1593, 2002, 3442, 4393, 4700, 4713, 4823, 4842; Mr Caterson, 3924; Mr Cavalier, 367; Mr J. A. Clough, 1109, 1461, 2462, 2463, 4814, 4815, 4923; Mr Collins, 116, 1591, 2267, 3433; Mr Day, 2489, 3641, 4014; Mr Dowd, 1588, 4922; Mr Egan, 1646, 2271, 2457, 3324, 4011; Mr Face, 2456; Mr Ferguson, 2556, 3272; Mr Fischer, 337, 1026, 3061; Mr Fisher, 1319, 4867; Mrs Foot, 538, 2460, 4704; Mr Gordon, 2457; Mr Greiner, 1029, 1594, 2811, 3272, 4812, 4926; Mr Keane, 4008; Mr McIlwaine, 3925; Dr Metherell, 310, 430, 762, 883, 1020, 1186, 1865, 1874, 2266, 2268, 2458, 2644, 2919, 3065, 3832, 4006, 4007, 4814, 4816; Mr T. J. Moore, 765, 1186, 1316, 2006, 2142, 2144; Mr O'Connell, 4015; Mr O'Neill, 1355; Mr Page, 4831; Mr Park, 679, 765; Mr Pickard, 1018, 1757, 2268, 2465, 2817, 2925, 4707; Mr Punch, 107, 536, 679, 915, 1018, 1185, 1319, 1320, 1592, 1877, 2265, 2268, 2274, 3222, 4529, 4531, 4532, 4605, 4607, 4812, 4821, 4866, 4922; Mr Rozzoli, 1756, 3070; Mr Schipp, 601, 1594, 4316, 4869; Mr Sheahan, 1512, 4842; Mr Singleton, 107, 3710, 3925, 4924; Mr Smith, 3076, 4701; Mr Wade, 345; Mr Walker, 2556; Mr West, 1083; Mr Whelan, 915, 1020, 2519, 4851; Mr Wrان, 1100, 3222, 4010.

The following members were removed: Mr Arblaster, 2464; Mr J. A. Clough, 2463; Mr Pickard, 2465.

Judiciary (see also *Procedure*): A member may not reflect upon a judge except by way of a substantive motion, 224, 431, 4864; but may, in the exercise of free speech, criticize a judgment, 2520.

Legislative Assembly: Presentation of *Macquarie Dictionary*, 589.

Sound amplification system, 892.

Televising of proceedings, 893.

Ministerial Statement: The Leader of the Opposition should not, under the guise of replying to a ministerial statement, attack the integrity of a Minister, 1509.

There is no right of reply to a ministerial statement, 106.

Motions: An amendment to a motion was ruled out of order, 346.

A motion was ruled out of order, 134.

A motion lapsed, 697, 1147, 1500, 2042.

Assembly, Legislative: Rulings, Observations and Opinions of Chair (continued):**SPEAKER (THE HON. LAWRENCE BORTHWICK KELLY) (continued):**

Offensive and Objectionable Remarks, Imputations and Aspersions: The Chair would be interfering with the right of free speech if it were to direct that everything a member said should be withdrawn at the request of another member on the ground that it was offensive, 3221.

A member may not ask for the withdrawal of remarks made about another member, 222, 2468.

As offence was taken at the suggestion that a member was crooked, the member making the remark was asked to withdraw it, 536.

Members should not reflect upon the character of a member of either House, 567, 2139; unless it is in the public interest, 3268.

Remarks directed to a group of members are not regarded as a reflection upon an individual member, 3243.

The difficulty for the Chair is to choose between those words that it should require to be withdrawn at the time they are expressed, and those that should be left to the member who is offended by them. The member making the remark, "This man was guilty", did not say what the member was guilty of. Though two members had asked that the expression be withdrawn the Chair could not direct that it be withdrawn, 2468.

The following expressions were required to be withdrawn: "I am informed that he is also guilty of criminal actions in some of the things that he did", 231; "moron", 2494; "phoney Christian", 4529; "The (member) is a born liar", 126; "The (members) are some of the greatest criminals in New South Wales", 3243; "You are a corrupt liar", 4866; "You are a liar", 2454, 3244, 4527; "You are corrupt", 2467; "You are dishonest", 2474; "You got your instructions from the Premier", 4531; "Whingeing hypocrite and raving lunatic", 127.

When a member is directed to withdraw a remark the withdrawal should be unqualified, 3245.

Parliament House: Restoration, 93.

Personal Explanations: A member wishing to make a personal explanation must do so in the proper way, 430, 1139, 2115, 2455, 3261.

A member may make a personal explanation if he believes he has been misrepresented in debate, or that his position as a member has been affected by the action of someone outside the House. A member should not use a personal explanation to correct newspaper reports unless those reports impugn the character of a member, 3644.

Volumes 175-178

Assembly, Legislative: Rulings, Observations and Opinions of Chair (*continued*):**SPEAKER (THE HON. LAWRENCE BORTHWICK KELLY)** (*continued*):

When making a personal explanation a member must show how his character has been impugned, 216.

Points of Order: A member could not take a point of order as a point of order was already before the Chair, 2816.

A member must confine his remarks to the point of order, 225, 227, 2009, 3926.

A member should come quickly to the point of order, 1875.

A member who wishes to take a point of order must rise and state audibly that he is taking a point of order, 4529.

Points of order upheld, or upheld in part: 125, 127, 4833.

Points of order disallowed: 234, 2488, 3061, 3246.

Points of order not involved: 114, 363, 537, 564, 568, 649, 733, 1017, 1027, 1320, 1482, 1510, 1592, 1876, 2000, 2138, 2260, 2455, 2493, 2924, 2925, 2926, 3249, 3259, 3261, 3444, 3692, 4007, 4011, 4400, 4531, 4566, 4603, 4702, 4812, 4818, 4825, 4923, 4924.

The Chair was of the opinion that the point of order taken was correct but felt that some flexibility should be allowed in view of the time of the year, 4372.

Privilege (see also *Questions Without Notice*): The privileges of members are not apt to be influenced or diluted by external authorities, judicial or non-judicial, whether constituted by State or federal laws, 688.

Under the laws governing defamation and libel, letters passing between a member and a Minister do not attract privilege. If a member felt strongly about details of his correspondence being disclosed in Parliament, he could move to censure the Minister. As the problem was in an area that was already being considered by the Privileges Committee, the Chair ruled that a prima facie case of breach of privilege had not been established, 2939.

It would be trifling with the House if a member were to speak for ten minutes establishing that his privilege had been affected by an action of the House taken in accordance with the standing orders, 4029.

A member must be referred to by the name of his constituency, 335.

A member should wait until *Hansard* is available in corrected form before raising a matter of privilege, 2260.

A member was allowed to tell the House how his privilege had been affected, 4566.

Assembly, Legislative: Rulings, Observations and Opinions of Chair (*continued*):**SPEAKER (THE HON. LAWRENCE BORTHWICK KELLY)** (*continued*):

No prima facie case of breach of privilege had been established, 3070, 4535, 4567.

A member had stated sufficient facts to show how his position as a member of Parliament had been affected, 3069.

Though Standing Order 158 deals with a matter of privilege suddenly arising, the Chair was willing to allow a member to proceed later, 2934.

Under Standing Order 158 there is no provision for an extension of time, 3070.

Procedure (see also *Chair, Debate, Motions*): A member must address the chair, 2453.

The Chair may not entertain two questions at the same time, 2136.

A member is out of order in attempting to raise a matter that is not before the Chair, 1888.

A member may criticize another member only by way of substantive motion, 222, 4843.

Allegations of improper conduct against another member should be the subject of a substantive motion, 226.

A member may not move for the adjournment of the debate on a motion while the member who moved it is still addressing the House, 1026.

A member may attack or criticize a judge only by way of a substantive motion, 224.

A motion lapses if the member who gave notice of it is not present when the motion is called on, 697.

A motion will be ruled out of order if it relates to the introduction of a money bill and is not the subject of a recommendation by the Governor, 1482.

Questions Without Notice (see also *Privilege*): The purpose of asking a question is to seek information, 1590.

Questions may be put to a private member, but only about a bill, motion or other public matter connected with the business of the House in which that private member may be concerned, and the question must relate to the mechanics, not the details, of that matter, 1098.

A member was asked to place his question on the *Questions and Answers* paper, 892, 3639.

A question was allowed, 537, 1872, 4400.

The Chair allowed a question in which a member gave relevant information in order that the question might be understood, 1588.

16th August, 1983, to 1st March, 1984

Assembly, Legislative: Rulings, Observations and Opinions of Chair (*continued*):SPEAKER (THE HON. LAWRENCE BORTHWICK KELLY) (*continued*):

Had the standing orders been applied more strictly a question would have been ruled out of order on the ground that it sought information about the personal affairs of a Minister. The question was allowed, 1758.

A purely hypothetical question was disallowed, 3842.

A question that sought a legal opinion was disallowed, 883.

A question was disallowed because it contained too much argument and opinion, 1679.

A question was disallowed because of its proximity, 1865.

A question was disallowed on the ground that it reflected on the judiciary, 4401.

As no inference was to be drawn from a question that it was based on a press statement, a member was not required to vouch for the accuracy of the information contained in that statement, 109.

A member should direct a question to the appropriate Minister, 3834.

A member should not anticipate a Minister's reply to a question, 109.

Members should not endeavour to assist a Minister to answer a question, 4244.

So long as a Minister's reply is relevant to the question, he is in order, 432.

There is nothing to prevent the Premier asking any Minister a question if he so desires, 4008.

The Chair has no control over the manner in which Ministers answer questions, 432.

The prerogative of giving the call rests with the Chair, 217.

The Chair deprecated the action of a member in persisting with inaccurate statements about the number of calls Opposition members had been given at question time, 3056.

When answering a question the Premier may refer to information given in reply to an earlier question, 1875.

As the Solicitor General was of the view that disclosure of any of the material in the tapes and documents provided by the *Age* newspaper, even in the Parliament, would be a breach of the Commonwealth Act, the Chair intended to rule out of order any further questions about the tapes or the transcripts, 4531.

The Chair vacated an earlier ruling at page 4531. Having reconsidered the ruling, the Chair decided that the appropriate approach

Assembly, Legislative: Rulings, Observations and Opinions of Chair (*continued*):SPEAKER (THE HON. LAWRENCE BORTHWICK KELLY) (*continued*):

is to deal with matters that offend, or appear to offend, the provisions of the Telecommunications (Interception) Act as each matter arises, 4564.

Quorum: The Chair was satisfied that the Government could form a quorum, 1031.

Relevance: Remarks must be relevant to the question before the Chair, 227, 362, 373, 1124, 1316, 1474, 1476, 2008, 2469, 2474, 2475, 2482, 2503, 2504, 2521, 3246, 3261, 3442, 3921, 4012, 4362, 4533, 4534, 4763, 4817, 4830, 4832, 4833, 4844, 4852; and within the order of leave given for the introduction of a bill, 2516, 2517, 2518, 2521.

Seasonal Felicitations: 4368.

Special Adjournment: Debate should be related to remarks made by the mover of the motion, 2008; and a member should not discuss matters that are not directly relevant, 2010, 2011. A member may make brief reference to issues he believes are important to the community, 2009, 2011, 4361, 4365; though debate on hypothetical matters will not be allowed, 4358.

The Chair ruled a member out of order on the ground that the member had devoted all of his time in debating the motion to discussing in detail drugs, corruption and the early release of prisoners. The member was directed to resume his seat, 2011.

Sub judice Rule: A member should be careful not to prejudice the rights of any persons involved in court proceedings, 223, 743.

A member had not breached the *sub judice* rule, 222, 741, 4818.

A member was ruled out of order, 745.

The Chair asked a member to be careful in referring to a former chief stipendiary magistrate so that the member's comments did not prejudice a fair hearing of the issues in a case involving that person, 334.

Tedious Repetition (see also *Debate*): A member should not engage in tedious repetition, 231, 2551.

Urgency: A member moving urgency must give reasons why the business of the House should be set aside to deal with the subject of urgency, 4012, 4601; but the House will decide whether a matter is urgent, 3222.

In the past the Premier had been expected the courtesy of being allowed to speak briefly about the granting of urgency but on this occasion the Opposition had chosen to object to that course, 2817.
