Dear Mr Tudehope

I refer to the Committee on the Independent Commission Against Corruption's (ICAC) (**Committee**) report entitled *Review of the Inspector's Report to the Premier: Review of the ICAC (Report)* tabled in Parliament on 27 October 2016.

The Government supports all of the Report's recommendations in-principle, and will introduce a Bill to Parliament to implement those that require legislative amendment as soon as practicable.

The recommendations represent a balanced set of reforms that will deliver a stronger and fairer ICAC.

Thank you to you and your fellow Committee members for your work on this very important issue.

Yours sincerely

  
**MIKE BAIRD MP**  
Premier
