Questions from the Hon Mark Buttigieg MLC (on behalf of the Opposition)

Question

Service NSW Centres

1. **How many Roads and Maritime Services and Service NSW Centres have been closed since March 2011?**
2. **How many Roads and Maritime Services and Service NSW Centres have been opened since March 2011?**
3. **At the 2019 election the Government committed to building 10 new Service NSW Centres in growth suburbs across Sydney. How many of these centres have been completed?**
 - (a) **When does the Government expect to have delivered all 10 new Service NSW centres?**
 - (b) **In what suburbs have new Service NSW centres been established?**
4. **How many Roads and Maritime Services and Service NSW Centres have been closed in Greater Sydney since March 2011?**
5. **How many Roads and Maritime Services and Service NSW Centres have been opened in the Greater Sydney since March 2011?**
6. **How many Roads and Maritime Services and Service NSW Centres have been closed in regional and rural NSW since March 2011?**
7. **How many Roads and Maritime Services and Service NSW Centres have been opened in regional and rural NSW since March 2011?**
8. **How many local government areas do not have a Service NSW Centre located within their boundaries?**
 - (a) **Which local government areas do not have a Service NSW Centre located within their boundaries?**
9. **How many NSW state electorates do not have a Service NSW Centre located within their boundaries?**
10. **Which NSW state electorates do not have a Service NSW Centre located within their boundaries?**
 - (a) **There are currently 2 Local Government Areas out of 129 in NSW that do not have a Service NSW presence at all, Shellharbour being one of**

them. Does the Minister find it acceptable that the residents of Shellharbour have been excluded from accessing government services afforded to 98% of the state?

11. **Why was the decision made to not establish a Service NSW presence in the Shellharbour LGA and electorate?**
12. **On the 12 February 2019, it was announced that 10 new Service NSW Centres would be established in growth suburbs across Sydney. What level of customer demand would need to be demonstrated for a Service NSW Centre to finally be established in the Shellharbour electorate?**

ANSWER:

Questions relating to Roads and Maritime Services should be referred to the Minister for Transport. The answers below relate only to Service NSW.

1. No Service NSW Service Centres have closed since March 2011.
2. 110 Service NSW Service Centres have opened since March 2011.
3. Currently three (3) Service NSW Service Centres have been completed to date.
 - (a) By FY 22/23
 - (b) Engadine, Revesby, Roselands
4. No Service NSW Service Centres have closed in Greater Sydney since March 2011.
5. 41 Service NSW Service Centres have opened in Greater Sydney since March 2011.
6. No Service NSW Service Centres have closed in regional and rural NSW since March 2011.
7. 69 Service NSW Service Centres have opened in regional and rural NSW since March 2011.
8. 46 local government areas do not currently have a Service NSW Service Centre located within their boundaries. These are:
 - Greater Hume Shire
 - Cabonne
 - Balranald
 - Bellingen
 - Blayney
 - Bourke
 - Brewarrina

- Campbelltown
- Canada Bay
- Carrathool
- Central Darling
- Cobar
- Coolamon
- Coonamble
- Federation
- Dungog
- Gilgandra
- Upper Lachlan Shire
- Gwydir
- Hunters Hill
- Murrumbidgee
- Junee
- Ku-ring-gai
- Kyogle
- Lachlan
- Lane Cove
- Liverpool Plains
- Lockhart
- Mosman
- North Sydney
- Murray River
- Narromine
- Oberon
- Randwick
- Shellharbour

- Strathfield
- Temora
- Upper Hunter Shire
- Uralla
- Walcha
- Warren
- Warrumbungle Shire
- Weddin
- Wollondilly
- Woollahra
- Unincorporated NSW

9. 29 NSW state electorates do not currently have a Service NSW Service Centre located directly within their boundaries.

10.

- Baulkham Hills
- Cabramatta
- Campbelltown
- Canterbury
- Charlestown
- Cronulla
- Davidson
- Drummoyne
- Epping
- Fairfield
- Granville
- Heffron
- Holsworthy
- Ku-ring-gai

- Lane Cove
- Londonderry
- Macquarie Fields
- Manly
- Mulgoa
- North Shore
- Oatley
- Riverstone
- Seven Hills
- Shellharbour
- Summer Hill
- Swansea
- The Entrance
- Vacluse
- Willoughby

Response to Questions 10a, 11 & 12

There are two Service NSW Service Centres at Kiama and Warrawong that are within an approximate 15-minute drive of the Shellharbour Local Government Area.

Locations for Service NSW Service Centres are chosen as part of a network benefitting the whole community. While there are no current plans to establish a Service Centre in the Shellharbour Local Government Area, Service NSW continually monitors its network and identifies potential locations based on factors such as estimated population growth by region, and the distance to and utilisation of the nearest Service NSW Centre.

Star Casino

13. **Was the Star's proposal for an additional 1,000 gaming machines unsolicited?**
14. **On 19 April 2021 and 6 May 2021, you met with 'Foundation Theatres' – a company that operates the Sydney Lyric Theatre and has very close links to the Star Casino – to discuss 'theatre investment'. Who attended that meeting?**
 - (a) **What was the nature of your discussions with 'Foundation Theatres'?**
 - (b) **Was there any discussion of their investment in new theatres in return for the Casino acquiring an additional 1,000 gaming machines?**

(c) Were any commitments made at those meetings?

- 15. Media reports indicate that the Star has offered to construct two new theatres in return for additional gaming machines. You met with Foundation Theatres on 6 May 2021. In response to questions on notice from the previous estimates hearing, your department advised that the Star submitted their proposal to acquire 1,000 new gaming machines to government on 7 May 2021. Is it a coincidence that the Star's proposal was submitted the very day after your meeting with Foundation Theatres?**
- 16. Have you, or your office, or your department, met with AUSTRAC to discuss their investigation into Star Casino?**
- 17. Were you or your office aware that The Star was under investigation by AUSTRAC for breaches of anti-money laundering legislation when you commenced discussions with the Casino about giving them an additional 1,000 gaming machines?**
- 18. What diligence did you, or your office, or your department undertake into The Star before commencing discussions with them about the additional 1,000 gaming machines?**
- 19. In response to questions on notice from the last estimates hearing, your department advised that the AUSTRAC investigation into the Star is "unaffected by, and has no relationship with, negotiations to allow the Star to operate additional gaming machines". Do you believe that is a credible and appropriate position given what has been reported?**

ANSWER:

- 13. Yes.**
- 14. Please refer to ministerial diary disclosures.**
- 15. The timing of the proposal submission is a question for The Star. The State considers the two matters to be separate and each will be examined on their individual merits.**
- 16. Yes.**
- 17. No.**
- 18. In addition to periodic suitability reviews, The Star is subject to ongoing supervision and regulatory oversight, including compliance audits and investigations.**
- 19. The regulatory regime applied to The Star and expectations around compliance apply irrespective of the number of gaming machines being operated.**

20. Is the app with the new feature of alerting individuals when they have visited an exposure site, up and running for the public to see in their history?
 - (a) If not, when is this feature due to be available to the public?
21. When did the app start sending the case alerts?
22. How many case alerts have been sent out since Sept 30?
 - (a) Since it launched?
23. Is the app sending push notifications for the case alerts?
 - (a) If not, when will this feature be available?
24. Are the case alerts only being sent to close contacts?
 - (a) If so, was the decision to only send case alerts to close contact based on health advice or limitations of the app?
25. Since the Delta outbreak started and the state entered lockdown on 26 June, how many close contacts have been identified using the QR code system?
26. Since the Delta outbreak started and the state entered lockdown on 26 June, how many casual contacts have been identified using the QR code system?

ANSWER:

20. Yes, COVID-19 case alerts and push notifications are now available via the Service NSW app to logged-in customers.
21. COVID-19 case alerts via the Service NSW app commenced on 20 October 2021.
22. 5.8 million COVID-19 hot spot and case alerts have been issued since 30 September 2021 to 5 November 2021.
23. Yes, push notifications to advise customers of COVID-19 case alerts via the Service NSW app is live.
24. COVID-19 case alerts are in addition to contact tracing by NSW Health and make it easy for customers to identify if they have attended a venue on the same day as a positive COVID-19 case through a red icon in their check-in history on the Service NSW app.

Push notifications for case alerts advise customers whenever they have new case alerts in their check-in history.

The case alerts are based on health advice and request. It is not due to the limitations of the Service NSW App.
25. This question should be referred to the Minister for Health and Medical Research.
26. This question should be referred to the Minister for Health and Medical Research.

Vaccine Passport

27. **In correspondence dated 18 July 2021, you advised the NSW Government had no plans to incorporate a digital vaccination card into the Service NSW App. On what date did the Government make the decision to incorporate vaccine status into the Service NSW App?**
28. **When did the NSW Government formally request access to the Australian Immunisation Register?**
29. **When was the NSW Government granted access to the Australian Immunisation Register?**
30. **What percentage of Service NSW app users have linked their vaccination status with the Service NSW app?**

ANSWER:

- 27 The correspondence on 18 July 2021 indicated that Service NSW were not integrating the COVID Vaccination Certificate into the Service NSW App at that time, but would continue to review this. At the 17 August 2021 National Data and Digital Ministers Meeting, State and Territory Digital Ministers discussed ways to integrate COVID-19 proof of vaccination into state-based check-in apps and agreed to an action for the Commonwealth to work with NSW as a lead pilot jurisdiction.
28. 1 October 2021
29. 1 October 2021
- 30 As of 4 November 2021, 2,169,846 COVID-19 digital certificates have been linked to the Service NSW app. This is approximately 33% of active Service NSW app users.

Home Quarantine App

31. How much has the Government invested in the ‘home quarantine’ app that will now no longer be used?

ANSWER:

31. The Home Quarantine Pilot consisted of a multi-agency implementation approach between the Department of Customer Service, The Ministry of Health and The Department of Premier and Cabinet. As of 9 November, the Department of Customer Service has spent \$232,012.

Driving Test Wait times

32. **What is the average wait time for a driver and rider licence test as of 27 October 2021?**
33. **At the 27 October 2021, Budget Estimates hearing Mr Damon Rees advised 100,000 – 120,000 people are awaiting a driving test appointment in Sydney. Can you provide a breakdown of those awaiting a driving test appointment via:**

- (a) **Local Government Area**
- (b) **State Electorate**
- (c) **Postcode**

ANSWER:

- 32. Service NSW does not have data on the average wait time for driver and rider licence tests as of 27 October 2021 because online bookings for tests had not been reopened.
- 33. Driver Tests in Greater Sydney were put on hold from 28 June 2021 and from various other dates across the state in line with the NSW Government's COVID-19 stay-at-home restrictions. Service NSW estimates a backlog of between 100,000 and 120,000 customers who would have ordinarily booked for a test during this period. It is not possible to identify these customers.

E-Conveyancing

- 34. How many incidents of cyber fraud have occurred under the e-conveyancing system?
- 35. What essential eight maturity level has the NSW Land Registry achieved?
- 36. Industry stakeholders have raised concerns over the removal of the Consent or Right to Deal (CoRD) and the potential this has to expose consumers to fraud. Why did the Government pursue the removal of the CoRD despite industry opposition?
- 37. Why has the Government done nothing to address substantial regulatory deficiencies in the standards of legal work in e-conveyancing compared to similar regulations in the legal field?
- 38. Which agencies were consulted in designing the information notice under this new system?
- 39. In your second reading speech you advised an information notice would contain 'the same information that a person would ordinarily receive had they been issued with a certificate of title'. Yet the information notice does not include a registered proprietors name, why the backflip?
- 40. As it is the utility of the CoRD has been removed in NSW and it remains to be seen if the efficacy and security of e-conveyancing has been reduced will the CoRD removal be re-examined by the Government at a future date?
 - (a) Will the Government consider the preferred Vic model of the Right to deal, where there is no mortgage and an owner chooses, being retained by the Registrar General?

41. What measures in e-conveyancing, such as a “PEXA” key, or cyber insurance, has the government considered, in conjunction with stakeholders, that may be effective in reducing the growing instances of fraud in the e-conveyancing system?
42. The Courts and the Legal Services Commissioner have both stated that the legal work of conveyancers is the same, they are expected to have the same standards and duty of care, and ought to have the same liability. This is even more important where conveyancers and solicitors are “the guardians to the gate of the NSW Land Register.” Is the Government going to continue to ignore the emphatic statements of the NSW Supreme Court and the Legal Services Commissioner or as e-conveyancing now necessitates is the Government going to review, with appropriate stakeholders the conveyancers Licensing Act and the regulation of legal work in e-conveyancing?
43. Can Government advise of the number of PI and cyber insurance claims against conveyancers and solicitors arising from cyber fraud and misdirection of monies in e-conveyancing?
44. What measures in e-conveyancing, such as a “PEXA” key, or cyber insurance, has the government considered, in conjunction with stakeholders that may be effective in reducing the growing instances of fraud in the e-conveyancing system?
45. Why did the Government, despite the Office of Registrar General (ORG) comments and industry opposition, pursue the removal of the CoRD?
46. Given the ORG concerns and the stakeholder recommendations will the CoRD removal be reviewed by the Government at a future date?
47. Which Government agencies and private organisations determined what information was to be included or excluded from the Information Notice?
48. The draft Information Notice was universally criticised by industry stakeholders. Is the Minister going to ensure that future Information Notices will be amended to include the names of new Registered Proprietors’?
49. As a result of Information Notices not including the information that was formerly provided on Certificates of Title, post settlement, and registration, searches, costing approximately \$15.00-\$25.00 have to be obtained by mortgagees, conveyancers and solicitors. In the last quarter, according to PEXA, there were over 58,000 settlements in NSW. Is the Minister aware of the additional costs and conveyancing work this adds to every e-conveyancing transaction?
50. Is the minister of the view that the additional security of an owner’s caveat is prudent in e-conveyancing?
51. Is the minister aware of aware of the additional, fees costs and legal work involved in obtaining this additional title security in e-conveyancing?

52. Is the Minister aware of an increase in private insurance claims and considered how these increases will lead to additional conveyancing costs?
53. How do these additional fees, work and complexity accord with the Government's statement on e-conveyancing?
54. Is the Government going to continue to ignore the emphatic statements of the NSW Supreme Court and the Legal Services Commissioner or as e-conveyancing now necessitates, is the Government going to review, with appropriate stakeholders the Conveyancers Licensing Act and regulate conveyancers to the same high standards of solicitors?
55. Does the ORG accept the substantially lower regulatory scheme for conveyancers is appropriate for "guardians on the gate" of the NSW Land Register?
56. Either the regulatory scheme for solicitors is too high or the one for conveyancers too low. Is the regulation of conveyancing solicitors to be reduced to the regulatory standard of conveyancers and regulated by Fair Trading, or the regulatory system of conveyancers to be lifted to the higher standard of solicitors and conveyancers be appropriately regulated as a legal service provider?
57. While the contract is secret, and the government is reduced to having to negotiate to get what would otherwise have been a part of the regulatory frame work, how can the Conveyancing industry retain any confidence in the future of the Torrens system in NSW?
58. Minister, is it not the case that LRSNSW has been forced to conduct an audit of registered and imaged dealings due to many instances of dealings being imaged either with pages, or whole annexures, missing and also in some instances with evidence, which possibly discloses private information, being inappropriately imaged and put on the public record with dealings?
59. Minister is it not the case, that after only two years of operation LRS's customer satisfaction, as gauged by survey's had dropped from the high 90s in LPI (government run) times to barely 51%, and LRS has been scrambling to raise it ever since?
 - (a) Is there a new survey being conducted and will you provide the details of that survey?

ANSWER:

34. No instances of cyber fraud have been notified since the commencement of eConveyancing in 2014.
35. Federal and State governments do not release detailed information on Essential 8 maturity levels. Publicly releasing specific information on cyber security maturity, especially Essential 8 maturity information for an individual agency may assist a

threat actor to identify the most effective attack vectors to gain a foothold into an internal network.

36. The decision to remove the Consent or Right to Deal (CoRD) was made following consultation which included the release of two discussion papers. The majority of financial institutions supported the removal of CoRD as it had little utility in the eConveyancing process.
37. The Australian Registrars National Electronic Conveyancing Council (ARNECC) has developed Model Operating Requirements (MORs) and Model Participation Rules (MPRs) for all operators and subscribers who use the e-Conveyancing system. MORs and MPRs establish standards for matters such as insurance, verification of identity and verification of the right to deal. ARNECC has also developed a regime to monitor subscriber compliance.
38. The Information Notice was prepared by NSW Land Registry Services and demonstrated to the Certificate of Title Working Group. Industry groups at the meeting were invited to comment, with many providing feedback.
39. Not all dealings result in a change that would necessitate the issue of a new certificate of title. The Office of the Registrar General is working with NSW Land Registry Services to deliver improvements to the Information Notice.
40. The Government continually monitors the security of eConveyancing and the land titles system as it operates in NSW.
 - (a) There is no proposal to adopt this practice in NSW.
41. No instances of fraud in the eConveyancing system have been notified.
42. The Government currently has no plans to reform the regulatory framework for conveyancers in NSW but is considering whether there is a need to strengthen compliance and enforcement provisions under the Act.
43. No claims have been made on the Torrens Assurance Fund, the regulated fund that compensates landowners for loss or deprivation of their interest in land through fraud.

The Government is not aware of any professional indemnity claims related to this matter, as these insurances are private and the Government is not privy to this information.

44. Refer to answer to Question 41.
45. The removal of CoRD was supported by the Office of the Registrar General and the majority of financial institutions and there are no plans to review this decision.
46. Refer to answer to Question 45.
47. Refer to answer to Question 38.
48. Refer to answer to Question 39.
49. Even when certificates of title existed a title search of the Register was the only conclusive proof the matters stated within. The Office of the Registrar General is working with the NSW Land Registry Service to deliver improvements to the

Information Notice.

50. The electronic conveyancing system is a secure and reliable process with many layers of protection. Access is restricted to Subscribers who must comply with strict rules that require verification of identify and establishment of the right to deal with land. Importantly, the system is backed by the State guarantee of title. In the unlikely event of a loss occurring due to fraud or error in registration, compensation is payable from the Torrens Assurance Fund.
51. The Government is not aware of additional fees costs and legal work.
52. The Minister is aware of speculation in private insurance claims relating to eConveyancing however to date has not received advice or evidence to verify this.
53. The Government is not aware of any evidence that there are additional fees, work or complexity as a result of e-conveyancing.
54. Refer to the answer to Question 42.
55. Refer to the answer to Question 37.
56. The rules that have been set by the Australian Registrars National Electronic Conveyancing Council for use of the electronic conveyancing system apply to all subscribers, whether they are lawyers or conveyancers.
57. The concession arrangement ensures independent oversight of the land titles operator, while the State retains responsibility for the regulatory framework, including legislation and regulation. The Office of Registrar General meets regularly with Conveyancing peak bodies, including the NSW branch of the Australian Institute of Conveyancers, to understand and address concerns.
58. After the NSW Law Society raised issues with three dealings with NSW Land Registry Services, NSW Land Registry Services undertook a comprehensive audit of registered and imaged dealings. It appears that some personal information was disclosed, including by practitioners, as part of registered dealings and in court orders. The Office of the Registrar General is reviewing the findings of the NSW Land Registry Services' report, delivered on 31 October 2021, including steps NSW Land Registry Services has taken in relation to any disclosure of personal information.
59. The former LPI did not undertake regular customer satisfaction surveys, and the survey referenced is not known. NSW Land Registry Services undertakes annual customer surveys and the Office of the Registrar General publishes the results of these on its website.

Cyber Security – Service NSW

60. Service NSW has rolled a new secure data transfer application to move away from using email to share date. I understand it has currently only been rolled out to half of Service NSW Centres, what is the timeline to roll the application out to all Service NSW Centre's?

61. Considering Service NSW is responsible for administering grants and holds a significant amount of personal information of both individuals and businesses, why did it take a security breach before a secure data transfer application was acquired?
62. Has Service NSW entered into privacy contracts with private partners it is working alongside?

ANSWER:

60. The solution is currently being rolled out across the Service Centre network and is on track to be rolled out to all service centres by the end of January 2022.
61. Service NSW considers cybersecurity and privacy prior to launching each transaction, and uses several non-email-based transfer methods. The method of transfer is not just determined by Service NSW's systems, but by those of the receiving agency and their processes.
62. In relation to private partners working on the document transfer solution, Service NSW has supplemented its internal staff with external developer expertise. The terms of engagement with the vendor include privacy clauses to protect any personal information encountered through the development process.

COVID-19 Business Support Rollout

63. The Government received \$2.52 billion worth of applications for the small business grant, yet has paid out just \$2.33 billion. Why has the Government underspent by \$190 million?
64. Currently business owners with a suppressed ABN are unable to access COVID-19 small business grants, this is an issue that has previously been raised with the Minister. These business owners often come from a vulnerable background, how is it these business owners left without support?
65. When will updates be completed to the application process to allow for these business owners to access COVID support grants?
66. In late August, the Government was preparing to make changes to the eligibility criteria for the COVID-19 small business and micros business grants, along with the JobSaver program. Service NSW employees received an internal memo advising them of the changes but they never preceded. Who made the decision not to proceed with these changes?
67. The Government made changes requiring business owners to reconfirm their eligibility for the JobSaver program. Business owners have advised of being kicked off the program due an error in the fortnightly confirmation form. How many businesses have been removed from the program in error?
68. Business owners have reported contacting Service NSW who have acknowledged they were removed from the program an error but there is currently no way to reinstate them into the program. When will this issue be rectified?

69. As these businesses have been left without any financial support, will their payments be backdated?
70. As of 27 October 2021, what is the average total payment received by businesses under the JobSaver program?
71. As of 27 October 2021, what is the average total payment received by businesses under the COVID-19 business grant?
72. As of 27 October 2021, what is the average total payment received by businesses under the COVID-19 micro-business grant?

ANSWER:

63: Not all Business Grant applications received by Service NSW are approved or paid. Some applications are declined due to ineligibility, some are investigated for indicators of fraud and referred to the NSW Police and in some cases, customers withdraw their applications or do not respond to requests from Service NSW for further information to evidence eligibility.

64: Businesses with Supressed ABNs can apply through the digital application for the Small Business Grant. For the Micro Business and JobSaver Grants, businesses can apply via a manual process. These businesses can apply and have their applications processed manually.

65: Service NSW digital products integrate with public and private Australian Business Register (ABR) application programming interfaces (API's). The ABR responds with a suppressed indicator if the ABN is suppressed. The Australian Taxation Office operates the ABR website and APIs.

The API is currently being used by Service NSW on the COVID19 Small Business Grant to enable customers with suppressed ABNs to apply for grants in a secure and private way. The solution is currently being rolled out across other grant programs as well. The solution was developed in a secure way to ensure that the business details of vulnerable customers are not released to individuals that may claim to be a contact or associate of the business entity.

As an interim solution, Service NSW developed a non-digital solution to allow customers with suppressed ABNS to submit their applications.

66 This question should be redirected to the Treasurer.

67 From 13 September, Service NSW introduced the requirement for businesses to reaffirm their eligibility to accommodate the ease of restrictions for part of NSW customers while others businesses remain in lockdown. Businesses across the state were required to reaffirm their eligibility on a fortnightly basis. Businesses who opted out of the scheme, meaning they selected they no longer meet the eligibility criteria to continue to receive JobSaver payments had their payments subsequently stopped and were therefore no longer required to reaffirm their eligibility for the following fortnights. 31,279 businesses opted out of the JobSaver payment Scheme.

68 From 25 October 2021 businesses had the option to reaffirm their eligibility for the period between 11 October – 24 October and subsequently receive JobSaver payments for that period, regardless of their previous reaffirmation status. This means if businesses previously opted out, they can opt back in and continue to receive payments from that point onwards.

From 8 November, businesses who may have unintentionally opted out and therefore are unable to opt back in for the payment periods before 11 October will have the opportunity to revisit those payment periods and re-affirm their eligibility for each period.

69 Yes, businesses will be paid for all periods they confirm eligibility for, including periods they have previously missed assuming they confirm they are still eligible.

70 \$29,605

71 \$12,543

72 \$10,481

New South Wales Mouse Control Support Program

73. How much of the \$150 million New South Wales mouse control support program has been allocated to design and build the rebate program overseen by Service NSW?

74. Did Service NSW contribute any funds to the design and build of the program?

(a) If so, how much?

75. How much of the \$150 million New South Wales mouse control program has been allocated to the recurrent costs of Service NSW running the program?

76. Do Service NSW contribute any funds to the recurrent costs associated with running the mouse control rebate program?

(a) If so, how much?

77. What are the total projected recurrent costs associated with the program?

ANSWER:

73-77. The information can be found on the NSW Parliament website, under recently tabled response to LC Question on Notice 7663.

Park n Pay

78. What is the relationship between Duncan Solutions, the Park n Pay app and the Department of Customer Service?

79. Has any Council adopted the Park n Pay app without entering into an agreement with Duncan Solutions to provide the payment gateway?

(a) If so, which Council's?

- (b) Has any Council adopted the Park'n Pay app without utilising Duncan Solutions to provide the payment gateway?
 - i. If so which councils?
 - (c) Can Park'n Pay start a parking session and calculate the parking fee itself, independently of Duncan Solutions' PEMS system?
 - (d) If the answer is yes, please provide a technical document that details the internal work flow?
80. How much has the NSW Government spent on promoting and advertising the Park n Pay app?
 81. How much has the NSW Government spent on promoting and advertising the Park n Pay app?
 82. What is the yearly cost of maintaining the app?
 83. How much revenue has the Park n Pay app to date generated for the NSW Government?
 84. How much revenue does the Park n Pay app generate each year for the NSW Government?
 - (a) How much revenue has Park'n Pay collected on behalf of councils?
 - (b) What % of that revenue has been paid to Duncan Solutions?
 85. Why is Service NSW using taxpayer's money to compete with innovators that are widely available and keen to operate in NSW?
 86. Would you agree that Service NSW is creating a monopoly supplier for all parking technologies because other providers – not just of apps, but also meters and enforcement – can't overcome the barrier to entry that Service NSW is creating?
 87. The Minister has recently written to all NSW Mayors urging them to adopt the Park n Pay app. How much revenue would the state-wide adoption of the app generate for Duncan Solutions?
 88. Prior to this letter have you or any members of your staff lobbied local Council's to adopt the Park n Pay app?
 89. Is it appropriate for a Minister to lobby local Council's to effectively create a Government monopoly that would benefit a private company such as Duncan Solutions?

90. Can you confirm that, as part of its exclusive right to sell Park'n'Pay, Duncan Solutions Technology can charge councils for "services" such as payment processing and tariff changes, and that these charges can't be questioned given the absence of a tender process?
91. Does Duncan Solutions Technology retain all revenue from sales to Councils, while Service NSW is paying Duncan Solutions Technology for its exclusive license?
92. Is this not a taxpayer gift to a private company with the endorsement of the Minister?
93. Is there a precedent for this kind of commercial arrangement?

ANSWER:

78. Park'nPay has been developed, in-house, by the Department of Customer Service (DCS). Details of the nature of the engagement between DCS and Duncan Solutions is publicly available as answered in *Budget Estimate 2020-2021 Supplementary Questions* for Customer Service, hearing date 8 March 2021 and on the DCS Disclosure Log for GIPR19/445.
79. DCS is not involved in the arrangements between Councils and their suppliers.
 - a) No
 - b) No
 - c) Yes. Park'nPay requires the data feed from the parking meter infrastructure provider chosen by the Council.
 - d) Park'nPay can integrate with any data source via an API and currently consumes data from alternate sources other than PEMS. Publicly releasing such technical information could pose a security risk and is not recommended.
80. The total spend excluding GST is \$102,923.64
81. Duplicate question
82. Approximately \$745,000 annually to operate.
83. There is no revenue to NSW Government.
84. Refer to answer to Question 83.
85. As there are 33 councils in Sydney and 128 across the state, it is not possible to get all councils and other paid parking providers onto one platform without state government involvement and leadership.
86. No
87. Refer to the previous answer.
88. Yes.

89. It is appropriate for Ministers to develop solutions to perennial problems such as parking and traffic congestion and to put public interest ahead of vested commercial interest and administrative convenience.
90. Park'nPay is offered free to Councils by the Department of Customer Service (DCS) and can integrate with any parking infrastructure provider or data source. There is no exclusivity or sale.
92. Please refer to the responses provided for question 78 and 79.
93. This question is too broad and ill-defined to provide an accurate response.

Cyber Security – Cyber Security Policy

94. The Auditor – General has found the cyber security policy is not achieving its objectives of improved cyber governance, controls and culture. Will the Government adopt a minimum level for agencies to achieve in implementing the 'mandatory requirements' or the Essential 8 Strategies to Mitigate Cyber Security Incidents?
95. The NSW maturity model used for the Essential 8 does not fully align with the ACSC's model. Will the NSW Government fully adopt the ACSC model?
96. Seven of the nine participating agencies into the Auditor – General's report into compliance with the NSW cyber security policy, reported levels of maturity against both the mandatory requirements and the essential 8 that were not supported by evidence. What actions will the Government take to ensure levels of maturity are accurately reported?
97. Currently the Department of Customer Service has only recommended, but not mandated the cyber security policy for state owned corporations, local councils and universities. Does the Government plan to expand the cyber security policy to these entities?
- (a) If not, why not?

ANSWER:

94. This matter is still under consideration.
95. The Department notes the recommendation of the Auditor-General to align the Policy closely to the Australian Cyber Security Centre's (ACSC) Essential Eight.
- In July 2021, the ACSC released a new Essential Eight maturity model which resets expectations on how reporting entities should implement the strategies with a view to focus on windows-based, internet-connected systems and adopting a risk-based approach to implementation.
- The Department will consider NSW Audit Office advice on risk-based implementation of the Essential Eight as well as other advice on appropriate guidance and scope. This will assist agencies with their assessment of Essential Eight implementation.

The Department notes the concerns of the NSW Audit Office about the presence of a level 0 maturity for Essential Eight in the 2020 iteration of the Policy. The Department stands by its inclusion as part of supporting accurate assessment of maturity. This approach is supported by the re-introduction by the ACSC of level 0 in the July 2021 version of the Essential Eight. All iterations of the Policy were made in consultation with the ACSC and industry partners.

96. The Department notes the recommendation of the Auditor-General to increase monitoring and compliance of maturity reporting to ensure greater accuracy.

Cyber Security NSW's Governance, Risk and Compliance (GRC) team has commenced a Maturity Assurance Review program with selected Policy mandatory requirements being reviewed across all Clusters. This program will assess the accuracy of maturity reporting, provide guidance for cyber security uplift requirements, and report uplift outcomes to Secretaries Board.

97. Cyber Security NSW is in discussions with the Office of Local Government on Cyber Security Guidelines that will function in a similar manner to the NSW Cyber Security Policy. These guidelines were drafted by Cyber Security NSW in early 2021. Unlike councils, small agencies in NSW Government can rely on their cluster to assist with maturity uplift and reporting against the Policy. These discussions will continue, and outcomes will reflect the needs of councils and their cyber security uplift. Please refer to the Minister for Local Government for further commentary on issues relating to NSW Councils.

State Owned Corporations are not required to adopt the NSW Cyber Security Policy. Any change would be guided by the requirements of the *State Owned Corporations Act 1989* (NSW). Cyber Security NSW does engage with State Owned Corporations to encourage voluntary adoption of the Policy and continues to provide assistance on technical cyber security uplift issues.

Cyber Security NSW is monitoring the development of the Security Legislation Amendment (Critical Infrastructure) Bill 2021 to identify whether State Owned Corporations will be captured by this and other Federal regulatory schemes. Cyber Security NSW will work with State Owned Corporations on compliance with sections of these reforms relating to cyber security.

Any avenues to expand the scope of the NSW Cyber Security Policy will be dependent on the above-mentioned legislative reform.

Some universities voluntarily adopt the NSW Cyber Security Policy. There are currently no plans to mandate their compliance with the Policy.

Ministerial responses to questions on notice

98. **Given that, on 20 October 2021, the Minister representing the Minister for Transport and Roads in the Legislative Council answered questions on notice from the Hon. John Graham MLC numbered 7678, 7679 and 7680, relating to the Government's toll relief program by responding: "This is a matter for the Minister for Customer Service, and Minister for Digital", and further that on 7 October 2021, the Minister representing the Minister for Customer Service, and Minister for Digital in the Legislative Council answered identical questions on notice from the Hon John Graham MLC numbered 7486, 7487 and 7488 by responding "The Minister for Customer Service does not hold this**

information”, and further that on 7 October 2021, the Minister representing the Minister for Customer Service, and Minister for Digital in the Legislative Council answered similar questions on notice from the Hon John Graham MLC numbered 7485 by providing detailed toll burden data,

(a) Does the Minister responsible for Customer Service hold data that shows the decile distribution of toll burdens across the users of Sydney tollroads?

i.If the answer is yes, why did the Minister say he does not hold this information?

ii. Will the Minister now provide this information as part of this answer?

iii. If the answer is no, which Minister holds this data?

(b) Does the Minister responsible for Customer Service hold data that shows the percentile distribution of toll burdens across the users of Sydney tollroads?

i.If the answer is yes, why did the Minister say he does not hold this information?

ii. Will the Minister now provide this information as part of this answer?

iii. If the answer is no, which Minister holds this data?

(c) Does the Minister responsible for Customer Service hold data that shows the average distribution of toll burdens across the users of Sydney tollroads?

i.If the answer is yes, why did the Minister say he does not hold this information?

ii. Will the Minister now provide this information as part of this answer?

iii. If the answer is no, which Minister holds this data?

(d) Does the Minister responsible for Customer Service hold data that shows the distribution of toll burdens across the users of Sydney tollroads in any format?

i. Will the Minister now provide this information as part of this answer?

ii. If the answer is no, which Minister holds this data?

ANSWER:

98 Transport for NSW owns and sets the policy for Tolling services across NSW, and therefore holds information/data relating to e-toll customers.

Service NSW only holds a portion or subset of toll data. This is only for privately registered vehicles for the use of the separate Toll Relief program. All complete toll road data/information, including decile distribution, percentile distribution or average distribution is held and owned by Toll providers, Transport for NSW (eToll) and Transurban (Linkt).

QoN 7486, 7487, 7488, 7678, 7679, 7680 are in reference to Linkt data. Linkt (Transurban) is the privately owned toll provider who hold this information. Service NSW does not have access to this data.

Inconsistent provision of toll data

99. **Given that, in March 2021, the Minister for Customer Service responded to question notice 5011 from the Hon. Courtney Houssos with respect to 100% and 50% toll burdens data by region, the Minister then provided segregated (100%/50%) data at suburb level, and further that in October 2021, the Minister for Customer Service responded to question on notice 7485 from the Hon. John Graham of precisely similar wording, the Minister said that disaggregated data was not available (that is separate counts of persons accessing 100% registration relief and 50% registration relief), and further, that “Note that postcode data is only available”, and suburb data was not on that occasion provided,**

- (a) **What changed between March 2021 and October 2021 that means that suburb-level data on toll burdens faced by drivers is now not available?**
- (b) **What changed between March 2021 and October 2021 that means that segregated data showing numbers of persons who accessed full registration relief and half registration relief is now not available?**
- (c) **Will the Minister now provide data in response to question on notice 7485 in the same format as provided in response to identically worded question on notice 5011?**

ANSWER:

99 The above questions are using the word ‘burden’ interchangeably. Clarity is required for requests for data for ‘toll payment’ either/or Toll Relief. Please see answer to supplementary question above to see differences.

- (a) A dashboard was created to access information efficiently based on postcodes for Toll Relief data.

(b) & (c) The tabled response to question on notice 7485 did not state that the disaggregated data was not available. The data is available and has been provided at the attachment.

Aggregate Toll Burden – Sydney tollroads

100. What is the current estimate of the aggregate of tolls paid, or to be paid, by all Linkt consumer account holders using the Sydney tollway network in:

- (a) **Financial year 2019-20?**
- (b) **Financial year 2020-21?**
- (c) **Financial year 2021-22?**
- (d) **Financial year 2023-24?**
- (e) **Financial year 2024-25?**
- (f) **Financial year 2025-26?**

101. What is the current estimate of the aggregate of tolls paid, or to be paid, by all Linkt commercial account holders using the Sydney tollway network in:

- (a) **Financial year 2019-20?**
- (b) **Financial year 2020-21?**
- (c) **Financial year 2021-22?**
- (d) **Financial year 2023-24?**
- (e) **Financial year 2024-25?**
- (f) **Financial year 2025-26?**

102. What is the current estimate of the aggregate of tolls paid, or to be paid, by all Linkt account holders using the Sydney tollway network in:

- (a) **Financial year 2019-20?**
- (b) **Financial year 2020-21?**
- (c) **Financial year 2021-22?**
- (d) **Financial year 2023-24?**
- (e) **Financial year 2024-25?**
- (f) **Financial year 2025-26?**

ANSWER:

100-102 Linkt (Transurban) is the privately owned toll provider who holds this information. Service NSW does not have access to this data.

This applies to all of all financial years in this question.

Questions from Ms Abigail Boyd MLC

Land titles – Online searches

103. **Why are the free certificate of title (CT) search and free Plan Inquiry Search functions, previously accessible on the Land Titles NSW Website for over a decade, now not available?**
- (a) **Have these free online searches been removed as a result of moving to a paperless certificates of title system?**
- i. **If so, how can this be justified, given that the digital system should presumably be cheaper and more efficient to run than the paper system?**
 - ii. **Why has the new paperless CT system left people with no choice but to pay to determine legal title, making the paperless system more expensive than the paper system?**
 - iii. **Why was this not disclosed during your second reading speech or other communications regarding the legislation to remove paper CTs?**
- (b) **Is this a consequence of the Government’s decision to privatise the land titles office?**
- (c) **Now that CTs are online and paper CTs are of no legal value, wouldn’t you agree that these free online searches are more important ?**

ANSWER:

103. On 11 October 2021, the NSW Government successfully brought in changes to the NSW land titles system which saw the cancellation of Certificates of Title.

NSW Land Registry Services (LRS) has updated its systems and processes to reflect the cancellation of Certificates of Title. One such change was the renaming of a free online search from Certificate of Title (CT) Inquiry (as this document is now cancelled) to Water Access License Inquiry (as this document still operates and forms part of the search function).

Members of the public, customers and stakeholders can still enter the same data as before and receive the same search results, relating to both Water Access licenses and land under the *Real Property Act 1900*.

No changes have been made to the Plan Inquiry search, which remains available for free on the NSW LRS website.

- (a) The free on-line searches have not been removed. The Certificate of Title Inquiry has been renamed (to Water Access License Inquiry) but has not been removed.

- i. Refer to answer to Question 103(a).
 - ii. The Torrens land register remains the record of land ownership, as it was before the cancellation of certificates of title.
 - iii. Refer to answer to Question 103(a)(ii).
- (b) Refer to answer to Question 103(a).
- (c) No changes have been made to the Plan Inquiry search, which remains available for free on the NSW LRS website.

Questions from Ms Cate Faehrmann MLC

Point of Consumption Tax

104. Why does the NSW government combine the Point of Consumption Tax with the taxation revenue from racing when publishing state tax revenue figures for budget updates and in the budget papers?

ANSWER:

104. The reporting of taxation revenue is a matter for NSW Treasury.

NSW Government Shares

105. Does the NSW government own shares in any gambling or gambling-related companies?

ANSWER:

105 This question should be referred to the Treasurer NSW to answer on behalf of the government.

In relation to the Customer Service Cluster, neither the Principal Department nor any of the Cluster agencies hold shares in any gambling or gambling-related companies.

Local Impact Assessment

106. As part of the new Local Impact Assessment system, a venue in a Band 1 area applying for 20 or fewer machines does not need to conduct community consultation. The venue sends a Local Impact Statement to organisations in the area who would have been contacted if there had been an LIA. The Local Impact Statement informs organisations of the name and address of the venue and the number of new machines.

(a) What is the purpose of the Local Impact Assessment in this format?

(b) Why is there no community consultation required?

107. The Liquor and Gaming noticeboard provides no information about the number of gaming machines a venue is applying for, how does a member of the public inform their submission to an application without this information?

108. In their application for more gaming machines, the Lake Cathie Tavern states that their senior staff attend monthly Liquor Accord Meetings, but the tavern is not listed as a member of the Accord.

- (a) How can the Senior staff attend the monthly meetings if the Tavern isn't a member?**
- (b) Did a case officer from ILGA check this claim from the LIA application?**
- (c) If not, why not?**
- (d) If it is not true that they are members of the Accord, will the Tavern be penalised for making a false declaration?**

ANSWER:

106. The purpose of the Local Impact Statement is to provide the community with information and awareness of a low range increase in a low-risk area having been approved. This measure was introduced in 2018. Prior to this time a local community would have no visibility of a low range increase in gaming machine thresholds at a venue in their area.

107. Local Impact Assessment (LIA) applications do not include documents attached to the Noticeboard. The Liquor & Gaming NSW website has a Public Register that contains all current and previous LIA applications. Submitters are able to view an LIA application on the Public Register in order to inform any submission.

108.

- a) Lake Cathie Tavern is a member of the Hastings Liquor Accord.
- b) No.
- c) While the applicant indicated senior staff attend meetings of the Local Liquor Accord, the application related to gaming at the hotel and attendance at the Local Liquor Accord was not a contributing factor in the decision.
- d) Refer to answer for question 108(a).
